and no authorization being given. We recommend that all orders be signed by the County Clerk, and countersigned by the Chairman of the Board, and a complete record of all orders kept on file.

In the course of our investigations we are very much surprised and disappointed at the apparent extravagance in the operating of the various departments of the County.

For comparative purposes we have secured the expenses of the different departments of the County of Kauai, and find that the latter County is run on a far more economical basis than this of ours, and this apparently without sacrificing efficiency. We are well aware that the County of Kauai is smaller than that of Maui, in fact on a basis of either taxation, population, or area, the relative size is approximately 65%, or two-thirds the size of Maui.

Is there any reason why Maui should pay such exorbitant charges for the running of the county departments? We can find none. Why should the County Clerk's office here require four men, when the Kauai County Clerk can run his alone with an occasional assistant. Our County Attorney's office pays for the services of three lawyers, and one stenographer, while on Kauai the County Attorney does all the necessary work himself. Likewise in the other offices on Kauai the elected County officials appear to do the work for which they were elected.

We strongly recommend to the Board of Supervisors, and the elected County officials, that they immediately put their respective departments on an economical and efficient business basis, that expenses be cut down to the lowest possible figure, and that every dollar expended be made to give an

adequate return.

Respectfully submitted,
R. A. WADSWORTH,
D. C. LINDSAY,
W. O. AIKEN,
